Subject: Sellout of Breas Vivo 50

Dear Customer,

This document is notice that Breas is sunsetting and discontinuing production of the Vivo 50 ventilators. The Vivo 65 was launched in 2017 as the eventual replacement of the Vivo 50, and with the market acceptance of the Vivo 65, the Vivo 50 sales have slowed to a point that allows Breas to discontinue production. Final orders will be taken on a first come first serve basis until stock is depleted. Note that accessories and repair parts will be available for the Vivo 50 until October 1, 2028.

Please contact your local Breas salesperson if you are interested in a final buy of the Vivo 50 or if you have any questions.
